

Congratulations to poster award winners in the Fifth Annual Conference of the Graduate Physics Society!

- ◆ **First Place—Xu Han:** *DNA damage in oral cancer cells induced by nitrogen atmospheric plasma jets*
- ◆ **Second Place—James Kapaldo:** *High throughput imaging for studying the spatial effect of cold atmospheric plasma jets on cell cultures*
- ◆ **Third Place—Pitambar Sapkota:** *Near Ambient pressure x-ray photoelectron spectroscopy of III-V semiconductor in aqueous environment*
